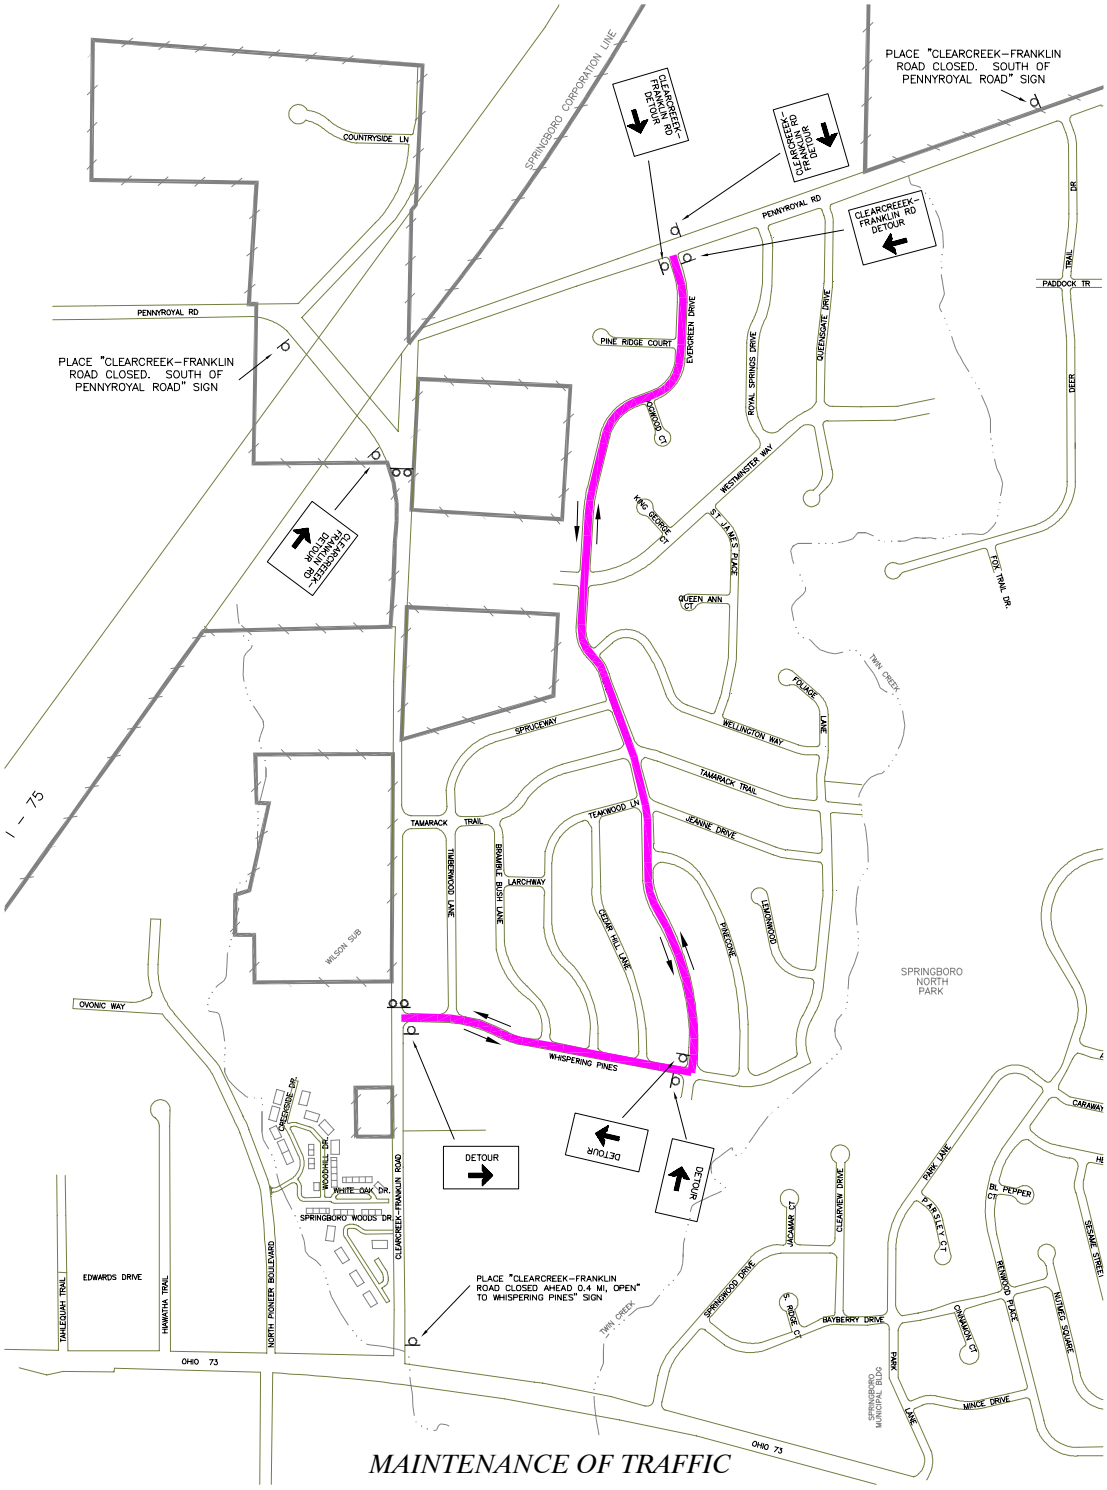
Clearcreek-Franklin Road Closure

The city is currently installing a new 12" water main along Clearcreek-Franklin Road to replace the existing deteriorating water main. To accomplish this project, a portion of Clearceek-Franklin Road will be closed to through traffic. Beginning on February 1st, Clearcreek-Franklin Road will be closed from just north of the intersection of Whispering Pines to just south of the Pennyroyal intersection. The road will be closed from February 1st to March 31st, weather permitting. However, local traffic will be permitted along Clearcreek-Franklin Road for those properties located within the project construction limit. See the diagram below for the maintenance of traffic details.



MAINTENANCE OF TRAFFIC
